

PUBLIC SAFETY BULLETIN

As you may have seen in recent days in the News, many Boston area schools and colleges have been the recipient of fake bomb threats and active shooter reports. RCC has been the recipient of one of these.

We are working in close partnership with the Boston Regional Intelligence Center (BRIC) of the Boston Police Department to ensure the safety of the RCC Campus.

There has been no credible threat to RCC discovered thus far. Most of these threats have been coming from an auto-generated source. However, we ask everyone on Campus to be alert for suspicious activity. Remember if you See Something (or hear something), Say Something. Report any suspicious activity to RCC Public Safety at 857-701-1310 or safety@rcc.mass.edu.
